

Cloud Migration Services Proposal

Executive Summary

GroupDocs is pleased to present this revised proposal for the migration of Meridian Corp's on-premise infrastructure to a fully managed cloud environment.

The proposed solution leverages **Microsoft Azure** services, including Azure Virtual Machines, Azure SQL Database, and Blob Storage, combined with a robust CI/CD pipeline to accelerate future development cycles. Total estimated cost for the engagement is **\$51,800 USD**.

Project Timeline (Weeks)

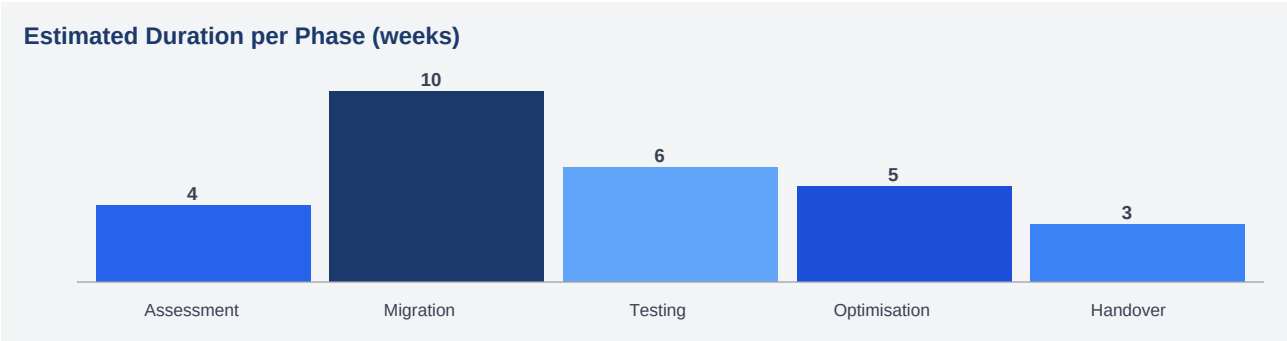

Fig. 1 — Planned phase durations based on infrastructure audit dated Mar 2026.

Cost Breakdown

Service	Unit	Qty	Unit Price	Total (USD)
Infrastructure Assessment	Report	1	\$5,000	\$5,000
Data Migration (up to 10 TB)	Project	1	\$15,000	\$15,000
Application Re-platforming	App	6	\$3,500	\$21,000
Security Hardening	Service	1	\$5,800	\$5,800
Total				\$46,800
